NUMBER 35

Ward Conferences Last Sunday Night

Ward Conferences were held in both Raymond wards Sunday evening last, with good attendance in each. In the 2nd Ward Pres. Heber F. Allen and I. Bliss Roberts represented the Stake Presidency and Pres. T. George Wood, Pres. Melvin T. King and Stake Clerk Wm. A. Anderson attended in the 1st Ward. The usual program of reports on the condition of the wards were heard in each meeting, and advice and instructions from the Stake Presidency.

Speakers in the 1st Ward were Elders C. R. Wing and J. G. Snow of the Bishopric and Bishop J. Orvin Hicken. Elder J. F. Anderson a former bishop of the Raymond ward, Stake Clerk Wm. A. Anderson and the Pres. T. Geo. Wood. The daughters of Mr. and Mrs. Les. Chipman of Welling rendered a vocal duet, with their mother at the piano, and Frank R. Taylor and Co. rendered very fine Quartettes with Rei Stone at the piano.

In the 2nd Ward the hosts of the auxiliaries spoke, including M. S. Rulon Dahl for the Primary, M. S. Ruth Salmon for the Young Women's, Earl Zemp for the Young Men's, Alma G. Evans for the Sunday School and Mrs. W. A. Heninger for the Relief Society. Bishop L. L. Palmer for the Bishopric and Elders Heber F. Allen and I. B. Roberts for the Stake Presidency. A good musical program was also given.

LES. SAYS:

"If people will turn the stamps on Greeting Cards all the same way and tie them before mailing them, I'll be eternally grateful. It saves a great deal of time. You'll help, won't you?"

Gibb Mendenhall of the R. C. A. F. is home on leave. When he returns to his duties he will report at Halifax, N.S.

Sunday evening's program in the First Ward is on the life of the Prophet Joseph Smith and Elder John Allen will be the main speaker of the evening. A nice musical program has been arranged too.

Said to be of incendiary origin and started by a blast of dynamite, a fire in Brilliant, B. C., destroyed several buildings Sunday morning and caused damage to the extent of \$18,000. A selective service official had been there to talk with officials about handling conscientious objectors.

Good Crowd At Blackmore Meeting

Between 135 and 150 people gathered in the Opera House Friday night to listen to John H. Blackmore, Dominion leader of the New Democracy group and everyone was interested in the meeting and many took part in the lengthy discussion which followed.

Mr. Blackmore outlined some of the problems facing the nation today, and offered his party's solution to them in a clear and concise manner, and then a question period followed and it was past midnight before the last of the crowd left. Post war reconstruction, distribution of wealth, a balancing of production and distribution, and a program of security for all were the main points of the interesting meeting.

News Notes

Mrs. Martha Taylor was a Lethbridge visitor on Monday of this week.

We can do all the thinking we want; but one mis-spoken word, sometimes even in jest, and we lose a friend or lessen someone's appreciation of us.

Flu is ruling the roost these days. School attendance is away down and very few have escaped. It just seems to be in the air, and you get it.

Our report on the death and burial of Jas. S. Robertson will have to wait until next week, much as we regret and dislike to have it omitted today.

The 2nd Ward M Men and Gleaner held a banquet and party Tuesday evening in the Recreation Hall. Quite a number of out-of-town guests attended and a very enjoyable evening was spent.

Considering the times our local stores are offering a very fine line of Xmas toys and presents. We congratulate them and wonder how they can do it in war time.

300,000 rail men in the United States will go out on strike December 30, newspapers say. Transportation facilities are already away overcrowded there and this strike, if it develops at the holiday season will really tie things up proper.

Born to Mr. and Mrs. Alma G. Evans at St. Michael's Hospital on Wednesday, Dec. 15th, a baby boy. Mother and son are doing fine, and Gill says he believes the father will now get along alright. Our hearty congratulations to them.

While we boost a cheese factory, we are unable to buy cheese except at odd times and in small quantities in our stores. All of our milk is sold as fluid milk in Lethbridge to aid in the war effort. Be patient folks, we'll sure wrap ourselves around plenty of cheese when things loosen up, we hope.

The Town Council met in regular session Monday night. The pay roll was passed and ordered paid and a report of the various departments of the Town was heard. A discussion developed regarding the dumping of refuse and garbage in bar pits and at different points in town and it was thought a fence and a gate at the nuisance grounds might help and this was decided on.

George A. Browne

A little early but next week we hope to fill it with news

Very Successful Ward Supper and Dance

News Notes

The First Ward ladies held a miscellaneous sale of sewing, toys, and what have you today. We have no report on the financial success of the day as yet.

The M Men and Gleaners of the Stake are holding their annual banquet in the Stake House on Monday December 27th.

Doral Stone of the R.C.A.F. and stationed at Regina, Sask., arrived home last week on leave and is to report back on Dec. 29.

A week from tonight is Xmas eve, and we are nearly as anxious now as when we were ten about seeing what "Santa" left us. We hope everyone is the same, it adds a lot to Christmas.

The First Ward Boy Scouts had a nice bunch of Xmas trees for sale again this year and they found plenty of takers. We are reliably informed that since this group started selling Xmas trees they have donated \$35.00 of their receipts to the Red Cross. We think this is very admirable indeed.

Architect V. E. Meech of Lethbridge spent Monday night in Raymond on Hospital business. He said he stood up all the way down in the bus as every seat and even the standing room was taken.

The Stake Missionary group will have charge of the services in the Second Ward next Sunday evening and the program will be on the life of Joseph Smith, the prophet. A fine musical program is being arranged and everyone is invited to attend.

Mr. and Mrs. I. B. Roberts have received their missionary call to the Eastern Canadian Mission and will leave here for Salt Lake City on January 10th and will report at Toronto for assignment on Jan. 19th. The best wishes of their many friends in Raymond will go with them in their work.

While we are worrying about Xmas and what to buy for presents, the war continues and each day's news carries items of Allied victories, captured Axis prisoners, soldiers, airmen and seamen killed, and yet we enjoy peace, plenty and a degree of prosperity that exceeds anything that most of us have ever experienced. Wonder if our sense of appreciation and thankfulness is big enough to really and truly appreciate our blessings.

Evelyn Pasen

The 2nd Ward Supper, Program and Dance, Wednesday evening was successful in every way. The tables were set lengthwise of the hall, and from 6 p.m. until 8:30 people were being served steadily, and quite a number of hot meals were sent to the Sugar Factory to the men on the swing shift there. No definite count could be obtained, but in the neighborhood of 400 were served. And what a supper. It didn't look as though anything was rationed to see the plates heaped with the best of all kinds of good foods, potatoes, carrots, peas, pickles, beef, chicken, butter and rolls, and what have you, and for dessert ice cream and cake. Everyone had all they wanted, or if they didn't it was not for lack of food.

About 8:45 the program commenced in the other hall, and the following numbers were entered 100 p.c. and were all exceptionally fine: Vocal duet by the Reece Allred girls; Piano duet by Misses Margaret Wing and Katherine Allen; Comic reading by Miss Phyllis Redd. Vocal Solo by Miss Myra Dahl; Reading by Miss Melba King; Vocal Duets by Mrs. Sara Low and Reece Gibb and a Piano Solo by Mrs. Edith Holt. This fine program was arranged and directed by Jos. Strong.

By this time the Recreation hall had been cleared and the dancers filed back and enjoyed tripping the light fantastic to the music supplied by Mrs. Maybelle Anderson and Tommy Allen. The entire evening was a great success and everyone's thanks are due the officials of the ward, the cooks and waitresses, and everyone who in any way helped to put it over.

One of our local office girls went to work, leaving a can of soup in the tea kettle to keep hot for dinner. When she came home the water and soup were gone, the empty soup tin was ripped wide open lying on the floor, and the tea kettle was found in three pieces in different parts of the kitchen. Too much fire, too much steam, and "poof," the kettle, can and contents were no more.

Hospital Meeting Monday Night

The Municipal Hospital Board met Monday night in the Town Hall in a four hour session. A delegation was present re boundaries of the district and after a discussion of both sides of the situation, a compromise was reached, satisfactory to all.

Architect Meech was present with a revised sketch of the layout of the Hospital and after a long discussion, in consultation with Dr. Madill, the sketch was approved and plans will be drawn from this and submitted to the Dominion authorities for final action, following the granting of our material priorities from Ottawa. The question of furnishings and equipment was taken up and Dr. Madill is making a visit to the Taber hospital to see their layout, after which a meeting will be called with a representative of firms supplying Hospital furniture and equipment when our requirements will be ordered.

The site east of Geo. Heggie's was decided on and the Council gave its assent on condition that sewage be properly cared for.

S. I. MAY Editor.

WHAT DO YOU WANT IN GOVERNMENT?

From all indications it would appear that future governments will take a greater hand in the operation of national business and affairs than previously. There is general talk of state medicine, and in fact, Alberta is embarking on a scheme of Provincial paying for all maternity cases after the first of January, and their long range

plan for complete state medicine.

Canadians might well ask themselves what they want in Government? We understand that complete ownership of wealth, labor, education and everything is the program of Soviet Russia. If we are right-fully informed, even professions are governed by state control. That is, a doctor or a dentist or any other professional man is paid so much for his work, regardless of how much or how little he does. We are not well enough acquainted with the Soviet program to say definitely that this is so, but this is our understanding of their program.

What do we want in Government? Anglo-Saxons have always been proud of their own accomplishments and may resent because of their breeding and government entry into many phases of life. And yet, the short coming of our systems

become more apparent every day. Take medicine and hospitalization for instance, you know and I know of many cases where people have gone through a hell on earth for years because of a lack of finance for a necessary operation or medical care. Then too, there are many capable and efficient men and women, who could really go places in the world if they had the necessary technical training. Why not get it? Our educational system, fine as it is, only goes part of the way. When it comes to college training and specialized education, if Dad, or some other individual can't finance it, we don't get it. Should the government take a hand or not? A young man wants to take up land, but he hasn't the money. What is happening around us today? Young men who want land and are not blessed with finance, are forced to sacrifice their social contacts and many of their associations and go to

partially settled districts, or else go into other lines of work in which they may not be so well suited and which they do not like, & much acreage of our very best land is passing into the hands of aliens. We do not wish to be misunderstood in this. We hold no grudge against any of these people, and we admire them for their thrift and integrity. At the same time we hate to see our best farms passing into their hands, and our native sons, who with their dads helped to conquer the country, forced off to new frontiers because of a short-sighted policy of settlement and a lack of appreciation by our government officials of the Canadians who have aided in making Canada what she is today. We don't think there is any justification whatever for any government, either dominion or provincial standing by and seeing our best land pass into the hands of Hutterites and central Europeans. They have some lower standards than we have, they are able to save money faster, they sacrifice many of the better things in life that we consider 'musts' in our life, and so because they get the 'dough,' our own sons and our neighbors sons get the "axe."

We are not saying that these

items are government business, but we believe that many of them are. The good book says "men are that they might have Joy" and we can't have these things unless we have every opportunity for advancement that our day can provide, and a security for old age that will permit us to put the best of our youth into the things in life we undertake to do. Canadians should be lending a thought to these national questions NOW, and not be blindly led by a few who come to us with ideas to influence people and to catch votes.

Recent reported enlistments from Raymond are Gordon Dahl and Harris Hall in the Navy, Buddy Palmer in the R.C.A.F. and Lloyd Reithman in the Army. The boys are reporting at different dates for their training.

SEEING SERMONS SPEAK

(Selected)
I'd rather see a sermon
Than to hear one any day:
I'd rather one should walk with me
Than merely show the way:
The eye's a better pupil,
And more willing than the ear;
Fine counsel is confusing,
But example's always clear.
And the best of all the preachers
Are the men who live their
creeds;
For to see good put in action
Is what everybody needs.

I soon can learn to do it,
If you'll let me see it done:
I can see your hands in action,
But your tongue too fast may
run.
And the lectures you deliver,
My be very fine and true,
But I'd rather get my lesson
By observing what you do:
For I may misunderstand you
And the high advice you give:
But there's no misunderstanding
ing
How you act and how you live.

How we can all help in this

● This winter, every home-owner is urged to conserve coal—to save at least one ton in five. And here's what YOU can do—

WINTERIZE YOUR HOME NOW

Save valuable heat by weatherstripping and caulking your doors and windows. Put up your storm windows early—and insulate wherever necessary.

CHECK THESE FUEL-SAVING TIPS

Have your furnace and pipes thoroughly cleaned. Use efficient firing methods. Avoid house temperatures higher than 68 degrees in daytime, and 58 degrees in sleeping hours. Dress more warmly.

Save one ton in five

CONTRIBUTION OF BEES TO THE WAR EFFORT

Experimental Farms News

The bee may well look back upon her season's accomplishments with a great deal of pride. Her contribution to the war effort has been threefold: (1) Production of honey; (2) Production of wax; (3) Pollination of many fruits, vegetables and forage plants.

The bees in 1913 provided Canada with the second largest honey crop in the history of the industry. The 32.5 million pounds of honey estimated for the past season is an increase of 35 per cent over the previous year, states C. A. Jamieson, Bee Division, Central Experimental Farm, Ottawa.

Along with the increase in honey is a corresponding increase of approximately 35 per cent in the production of wax. As beeswax is essential in the manufacturing of numerous war materials, this increase in supply is an important contribution. War uses for beeswax include adhesive tape for sealing shells, waterproofing and protective coatings for shells, belts, coils and machinery and as protective coverings for fighter planes. Large quantities are also used in war planes for waxing cables and pulleys, in polishes and in improving insulation.

By no means the least in value of the contribution of bees is from their extensive pollination activity. The economic value of pollination has been estimated to be fifteen to twenty times greater than both honey and wax. By cross-pollination the bee assists in the production of oil bearing seeds, rubber plants, legume seed, fruits and vegetables.

The bees will also play an important role in the post-war world by helping to produce seed which will be shipped to devastated countries.

Miff Allred was ill Monday and unable to be at work.

WARTIME WAGES CONTROL ORDER 1943

Hon. Humphrey Mitchell, Minister of Labour today issued the following statement:—
Order in Council P. C. 9384 revoking War-time Wages Control Order 1943, was signed today.

The statement purposes of this Order are:—

(a) to provide for the establishment of wage rates incorporating therein cost of living bonuses payable in respect of the rise in the cost of living;

(b) to stabilize the wage structure in Canada established in this manner in order to maintain stability in prices and prevent increases in the general cost of living; and

(c) to provide machinery for an orderly rectification of any gross inequalities and injustices in wage rates so established insofar as this is possible consistently with the paramount principle of the maintenance of stability in prices.

As the Prime Minister stated in his radio broadcast last Saturday, the Canadian cost of living index has risen less than four points in the two years since price regulation and wage control were introduced and it is the firm policy of the government to use every means within its power to ensure continued stability of living costs around present levels. In the light of this policy provision for additional cost of living bonuses appears unnecessary and the new order consequently provides that existing bonuses shall be incorporated as a part of basic wages.

If any appreciable and continued change in living costs should occur there will be a general review of stabilization policy and the measures employed un-

Ernest Litchfield was in Lethbridge on business last Monday.

Elder John F. Anderson, former bishop of the Raymond Ward spent Sunday and Monday with relatives and friends in Raymond.

Mr. and Mrs. Frank Shaw and family were in Cardston Sunday attending the funeral services of James Gregson, old-timer of that district and brother-in-law of Frank. Winston Shaw was one of the pall-bearers.

A platoon of Canadian soldiers were "murdered in cold blood" in Italy recently. A number of Germans had raised their hands in surrender, and as the Canadians went forward to round them up a machine-gun nest in ambush shot every last one of the Canadians. And there are still some of us who think German soldiers do not delight in murder and bloodshed.
